

## **Welcome To The DSAI & DSWAI Dental Academic Excellence Awards**

DSAI & DSWAI views these awards as highly prestigious. To ensure the excellence and continuity of the awards, our association strongly recommends the recipient to maintain a high profile in academic excellence in a recognized educational institute. The recipient should also be actively involved in the identification of future nominees. The recipient will receive an award to be used only to enhance his or her teaching efforts at an event organized by the sponsor of the award at a venue decided on time to time.

### **Eligibility Requirements**

Applicants are to be identified and recognized initially within individual institutions. Ideally, identification, review and recognition of the candidates will be coordinated by a team comprised of:

Senior Faculties, The dean of the institution, and a peer teaching professional.

Nominations are to be forwarded by the dean of the institution on an online process.

### **General criterion and specific criteria of excellence in academics include the following:**

#### **General Criterion:**

- Commitment to principles of lifelong learning.
- Demonstrated creativity in curriculum design or innovation in the delivery of education to students.
